Federal Aides
Ready for
Faubus Hearing

Mass of Testimony,
Secret FBI Report
Due in Racial Dispute

LITTLE ROCK, Ark. (AP)—The federal government unlimbered two big guns today—a mass of testimony and a secret report—and prepared to bring them to court in the struggle with Gov. Orval Faubus over his refusal to permit integration of a Little Rock high school.

Faubus still showed no signs of backing down.

He was smiling and appeared untroubled when he posed for photographers before another talk with Rep. Hays (D-Ark.), who is trying to mediate between him and the federal government.

In Little Rock today, the story is that Faubus is searching for an avenue of compromise with Washington. But on what conditions, in terms of time or other concessions, remained his own close-to-the-vest secret.

As the hour approached for the scheduled hearing in U. S. District Court Friday on the government's petition for legal means to stop Faubus from continuing to bar Negroes from Central High School, this was the picture:

1. U. S. marshals have served subpoenas on about 200 people. Most of them are residents of Little Rock. Presumably, they are in a position to throw light on the question of whether violent action had been prepared and timed to explode Sept. 3, when the Negroes came to enroll in the high school.

2. Hays was still in Little Rock although he had expected to leave Thursday. He said the illness of his father, and business reasons, changed his plans.

As he left the Governor's mansion, he reported he will be available for more talks with Faubus, adding, "There is necessity for further conversations."

3. A report drawn up by the FBI was ready for Friday's hearing before U. S. Dist. Judge Ronald N. Davies. The contents are secret.

However, there are reports that FBI agents checked specific points in the information Faubus said came to him.

Meanwhile, in Oakland, Calif., a resolution passed at the California Federation of Labor convention suggested impeachment of President Eisenhower if he "fails to carry out his oath of office to uphold the nation's Constitution" in connection with the integration trouble in Little Rock.

More than 2,000 delegates to the convention gave unanimous voice approval Tuesday to the last-minute resolution introduced by federation officers.

"There is ample legal remedy in the hands of Congress to deal with a President who fails to carry out his oath of office to uphold the nation's Constitution," the resolution declared.

It asked Congress to prohibit any public official from using the National Guard "to thwart national law and undermine federal authority."

Libel Trial Jury
Still Studies Case

LOS ANGELES (AP)—The Confidential magazine criminal libel trial jury today went into its second day of deliberations.

The jurors spent 5 hours and 20 minutes considering the case Tuesday then were locked up in a hotel for the night.

The case was handed to the jury Monday afternoon after a six-week trial.

In addition to Confidential, the defendants are Whisper magazine, Publisher's Distributing Corp., Hollywood Research, Inc., and Marjorie Meade. They are charged with conspiracy to commit criminal libel and to publish lewd and obscene material.

Jordan King Divorced

CAIRO, Egypt (AP)—The divorce of King Hussein of Jordan and Queen Dina is final, her friends report. The divorce never has been officially announced.

A RE-EXAMINATION — Arkansas Gov. Orval Faubus (left) and Rep. Brooks Hays "explore and re-examine" the results of the governor's conference with President Eisenhower at Newport last week. Hays said they related that conference "to the problem here" in Little Rock.

City Council Ups
Muney Court Pay

City Council last night fixed the annual salary of the Municipal Court Judge at \$8,000 a year. The solons also approved legislation leading toward construction of the north end and Nicholas Drive sewers.

In setting the salary at \$8,000 Council approved a figure which meets state requirements. According to law the salary of the judge, who now has county-wide jurisdiction, must be at least \$6,900.

However, the solons did not quite equal the annual salary of the Common Pleas Court judge who makes \$8,500 a year. It is now expected that Municipal Court Judge Sterling Lamb will resign and run for office in the November election. Whoever is elected will get the new salary.

Council passed ordinances determining to proceed with both north end and Nicholas Drive sewer projects. Next step is to obtain a certification of the life of the project from the city auditor.

The Nicholas Drive ordinance is identical to one passed July 25th in a special session, but publication of that ordinance was never made. Hence, a new ordinance was passed tonight.

AN ORDINANCE was approved employing Burgess and Niple, Columbus engineering firm, to act as consulting engineer for city construction projects for the balance of the year. The firm has done much of the engineering work in Circleville during the past year.

The solons OK'd two ordinances which appropriate \$300 for legal advertising; \$15 for incidental Council expenses; and a total of \$3,038.63 as the city's matching funds for Public Employee Retirement System for Water and Sewage Treatment department employees.

In other action the lawmakers set a new city speed limit in alleys of 15 miles-per-hour to parallel the new state law which sets the limit at that figure.

The legislators also accepted a plat of the Bowers Subdivision in the vicinity of S. Pickaway St. and Third Ave. The area already is in the city, but formal acceptance of the subdivision never has been made, until last night.

He pointed out local health officers are primarily responsible for directing anti-influenza campaigns.

"As a department," Dr. Dwork continued, "we do not recommend that schools be closed or that public gatherings be curtailed. We do not feel that there is any advantage in these maneuvers."

"We recognize, however, that in some instances there will be administrative reasons for closing schools due to illness of teachers, bus drivers or large absentee rates."

The department will keep track of the disease by studying absentee rates in schools and industry. It also will continue laboratory work on cases of suspected Asian flu.

High on the state association's list of recommendations is a public information program to keep the people accurately and fully abreast of the situation.

The association's statement of policy was drawn up by its council, interim governing body of the with officials of the Ohio Department of Health.

Because of differences in local conditions, the policy statement said no stereotyped pattern can be laid down for the whole state, but these general recommendations were presented:

1. A public information program "conducted in an orderly fashion to avoid confusion and hysteria in the public."

2. PHYSICIANS should be urged to keep themselves informed and be prompt in reporting suspected influenza cases to local authorities.

3. Citizens should be encouraged to secure immunization against the prevalent strain of influenza from their personal physicians. The public should be advised that vaccine supplies may be inadequate now, but larger quantities are promised in the next few months.

4. A priority system recommended by the state and approved by the council should be followed in this order:

Those whose services are necessary to maintain the health of the community.

Those necessary to maintain basic community services such as utilities and communications, etc.

Those with tuberculosis and other chronic conditions.

Those who constitute a special medical risk.

The general public.

Peebles Prepares Plows
For World ChampionshipsFlu Epidemic
Is Probable
Ohio Man Says

State Medical Assn.
Urges Physicians
To Organize

COLUMBUS (AP)—Dr. Ralph Dwork, state health director, today told more than 100 local health officials there probably will be an Asian flu epidemic in Ohio this fall and winter. He said a high attack rate may well interfere with business, industry and essential services.

At the same time, the Ohio State Medical Assn. urged county medical societies to organize now to cope with possible flu outbreaks.

The two Ohio warnings came as thousands of flu cases, most of them believed to be of the Asian variety, were reported in eight other states.

Dr. Dwork made his comments during the 38th annual conference of local health commissioners with the Ohio Department of Health as he briefed the health officials on what to expect and how to combat the disease that is new to Ohio.

So far, there have been only three confirmed Asian flu cases in Ohio, all reported weeks ago.

"IT SEEMS probable that there will be epidemics in this country and this state during the fall and winter," Dr. Dwork said. "Of course, no one can predict for sure when, where or whether epidemics will develop or how severe they will be."

"While the disease thus far has not been severe from the point of view of complications or deaths, the high attack rate may well interfere with business, industry and essential services of the country," Dr. Dwork said.

He pointed out local health officers are primarily responsible for directing anti-influenza campaigns.

"As a department," Dr. Dwork continued, "we do not recommend that schools be closed or that public gatherings be curtailed. We do not feel that there is any advantage in these maneuvers."

"We recognize, however, that in some instances there will be administrative reasons for closing schools due to illness of teachers, bus drivers or large absentee rates."

The department will keep track of the disease by studying absentee rates in schools and industry. It also will continue laboratory work on cases of suspected Asian flu.

Storm 'Esther' Fails To Hit
Hurricane Class; Rain Heavy

NEW ORLEANS (AP)—Weakening Esther, a tropical storm that never became a hurricane, left behind the threat of floods today as she rushed northward from Louisiana.

Tides rose to three to five feet along southeast Louisiana and the Mississippi coast where normal tides range from one to 1½ feet.

Heavy rains hit Louisiana and were expected to follow Esther into Mississippi. The New Orleans Weather Bureau predicted Mississippi may feel rains up to eight inches.

The bureau warned residents to take precautions against the tides and told them to watch for flood warnings in the areas struck by the rain.

One death had been attributed to the storm. A car skidded on a

drenched highway near Morgan City early today and plunged into a canal. A passenger was drowned.

Esther, which carried 64 m.p.h. winds at one point, was the third gulf storm to strike the Louisiana coast in less than three months.

At 10 a. m., the bureau lowered the storm warnings on the Louisiana coast but kept them displayed for the rest of the area.

The rains flooded some streets in New Orleans and in adjoining Jefferson Parish (county). All schools were closed in New Orleans as a precautionary measure.

On the Mississippi coast, east of New Orleans, power failures, high tides and drenching rains were reported. Most schools were closed.

Some persons were evacuated from low sections of Biloxi, Miss., to a school building in the eastern section of the city.

Gulfport, Miss., reported some store windows blown off, but fishing and pleasure boats were safely anchored in harbors.

Unlike her predecessors, hurricane Audrey and Bertha, Esther avoided the Louisiana-Texas border and hit southeast Louisiana instead.

The 64 m.p.h. winds were recorded on the Lake Pontchartrain causeway, the world's longest overwater bridge, which crosses the huge lake just north of New Orleans. There were no reports of damage in New Orleans.

Some residents of Cameron, which was devastated by Audrey, left the southwestern Louisiana community, which is about 55 miles to the west of Pecan Island. Others were ready to leave at a moment's notice.

Some residents of Cameron, which was devastated by Audrey, left the southwestern Louisiana community, which is about 55 miles to the west of Pecan Island. Others were ready to leave at a moment's notice.

Farm Experts
Vie Today for
National Title

World Event Slated
For Thursday, Friday
In Adams County Area

PEEBLES (AP)—With Ohio's two state champions picked, the 1957 World's Conservation Exhibition and Plowing Contest went into the second day today with 27 competitors vying for national honors.

From the 27, one national champion will be picked in each of two plowing divisions—contour and level land. The winners automatically qualify for next year's world contest in Germany.

World contest competitors are selected a year in advance through national competitions.

Representing the United States in the world matches here this year are Lawrence Goettmoeller of Mercer County, Ohio, and John Daniels of Mulberry Grove, Ill., winners in 1956.

Goettmoeller and Daniels will compete Thursday and Friday for the world title against teams from 13 other nations.

Tuesday, Duane Mootz, 32, of Hillsboro, won the Ohio contour plowing contest and Dick R. Dorn, 23, of Xenia, won the Ohio level land contest. They were representing Ohio in their respective divisions in the national contest today.

IN AN ADDRESS on the grounds here this afternoon, U. S. Secretary of Agriculture Benson declared that America's farmers and ranchers can get their fair share of the nation's income only through efficient, balanced production and better marketing. He said:

"We all agree that agriculture is entitled to a fair share of a nation's aggregate income. The question is: How do farmers and ranchers get this fair share?"

"You will not get it out of government."

"You will not get it out of acreage allotments and marketing quotas. You will not get it by government price-fixing."

"You will get it through research and education, through co-operation and free initiative."

"You will get

Military Aides Now Ruling In Thailand

BANGKOK, Thailand (AP)—Thailand's constitution has been suspended and a military junta is ruling, an army spokesman announced today.

Acting Deputy Chief of Staff Lt. Gen. Surajit Charusaran said the junta had given no consideration yet to the naming of a successor for ousted Premier P. Pibulsonggram. His regime toppled in an army coup Tuesday.

Pibulsonggram's whereabouts remained a mystery.

Army Chief Marshal Sarit Thanarat, the coup leader who has been named by King Phumiphon military governor of Bangkok, was conferring with the Department of Justice on how to legalize his coup.

Lt. Gen. Surajit said the junta had not decided on the future of the Thai Parliament. But observers here believe the junta will want parliament to stay in office at least until it can vote support of the new ruling group. After that it may be dissolved.

Sarit said Tuesday any new regime would follow along in the pro-Western policies of the Pibulsonggram government.

He said he dumped Pibulsonggram, premier since 1947, "in the interest of the people," but declared, "I have nothing to do with politics."

He said he wants to continue to cooperate with the Southeast Asia Treaty Organization and wants to keep the headquarters of that anti-Communist alliance here.

Mainly About People

Mr. and Mrs. Ward Peck, Wayne Twp., have received word of the death of their nephew, Norman H. Peck, in an airplane accident in the Philippine Islands.

Mr. and Mrs. D. J. Carpenter, Northridge Road, were in Chamblee, Ga. today for the official opening of the new John W. Eshelman & Sons mill there. Carpenter is manager of the Circleville Eshelman plant.

The Alumni Association will sponsor a 50-50 Dance Friday, Sept. 20, at Monroe Twp. School. Music by the Melodiers. —ad.

Jordan Lefko, son of Mr. and Mrs. Nat C. Lefko, Northridge Road, left today for Cornell University where he will enter law school.

Mrs. John W. Thornton and infant of Route 2, Kingston were dismissed Monday from Chillicothe Hospital.

Summer Camp Idea Studied By Legion

ATLANTIC CITY, N. J. (AP)—The American Legion today studied a proposal by Gen. Mark Clark that a summer camp for boys be set up in every military establishment in the nation to help prevent juvenile delinquency.

Clark was applauded at a Legion national convention dinner Tuesday night when he said he would make the proposal to President Eisenhower if the idea found support.

Clark, former United Nations commander in Korea, said he had conducted such a camp this summer at The Citadel, the Charleston, S.C., military college of which he is president.

He said the Citadel camp, besides providing recreation and a sense of discipline, taught character and love of God and country.

If, at the end of camp, the boys were given pins denoting them as junior defenders of the country, he said, they would go out to prevent trouble instead of to cause it.

Clark did not spell out details of the proposal except to say the boys would not wear uniforms and that the cost would be about "two dollars per day per lad."

He estimated that hundreds of thousands of boys could be accommodated if the facilities were made available.

At the Citadel camp, he said, the boys studied the Constitution and the Bill of Rights and learned "what made our country great."

VISITOR AT FAIR — Pierre Leseur, center, visited the 4-H and FFA livestock sale at the Pickaway County Fair last week. He's shown here with his host and hostess, Mr. and Mrs. William Defenbaugh, Route 1, Laurelville. Pierre, son of a French fertilizer manufacturer, is touring the U. S. observing all phases of the fertilizer industry. (Photo by Beaver Studio)

French Visitor Impressed By U. S. Farms, 4-H Clubs

Pierre Leseur, 25-year-old French visitor, has had a good look at farm life in the Middle West. He's been a visitor here of the William Defenbaughs, Route 1, Laurelville.

Pierre attended the Pickaway County Fair, looked on with interest at the annual 4-H and FFA livestock sale, and yesterday went to the Ohio plowing matches at Peebles.

He is the son of a French fertilizer manufacturer and is spending

six months in the U. S. to observe all phases of the fertilizer industry.

He's in America as a guest of the Davison Chemical Co. He was invited to the Defenbaugh farm after spending a short time in the Davison branch at Columbus.

Pierre says Pickaway County compares favorably with his native land—around Rennes, the capital of the province of Brittany.

CROPS HERE are somewhat different, Pierre said. There is

very little corn grown in Brittany and there are almost no beef cattle. Main crops are wheat, oats, barley and there are some dairy cattle.

Pierre said there is no counterpart to the American 4-H Club program in France. He was impressed by the 4-H program. The handsome young Frenchman said the program is especially good since it encourages young persons to stay on the farm, something that is needed in France as well as America.

Mans Says of His Daughter: I'd Rather See Her in Casket New Citizens

LOS ANGELES (AP)—"I am her father," Mr. X said, "but I'd rather see her in her casket than the way she is today."

The man, keeping his back to the audience in the hearing room and shielding his face as much as possible, was describing the seven years of horror his daughter, one of eight children, had caused the family.

She is a dope addict. "Daddy, I've gotta have heroin or alcohol," he quoted her Tuesday at a State Senate Interim Committee on Narcotics hearing.

"And when she doesn't get dope, she drinks alcohol like it was water," he said.

Mr. X, the only name by which he was identified, said it all started when his daughter was 16 and attended a party at a friend's house. The friend's mother was to chaperone.

"The next I heard was when a deputy sheriff called," Mr. X related. "He said our daughter was in custody, that it had been a marijuana party."

The girl was placed in a school

in the East, but she ran away and was placed in a different school.

"In the new school she took her first shot of heroin, 'just for fun,' he said. At 16 she was an addict.

There was an interracial marriage, a child, separation from her husband, repeated trips to her parents' home.

How did she pay for the heroin, one of the senators wanted to know.

"I don't know," he answered. "But if you must know what I think, why—well, I guess by prostitution."

She says she wants to quit the habit, Mr. X said. Once he obtained admission for her to a federal hospital in Lexington, Ky. The girl got off the train before it left California.

"I tell you all this," he said, "in the hope that you gentlemen can find some solution to this problem of drugs among our young people."

The girl? In jail — arrested three weeks ago for possession of narcotics.

Child Injures Wrist in Door

Lynn Kay Fraunfelter, 7, suffered deep lacerations of the right wrist when she put her hand through a glass door Tuesday. She was treated at Berger Hospital at 9 a. m. and released. Lynn is the daughter of Mr. and Mrs. Francis Fraunfelter, Route 4, Circleville. Rusty Fausnaugh, 9, 208 Moats Drive, son of Russell Fausnaugh, was treated at Berger Hospital when he skinned his nose and suffered abrasions on the upper lip in an accident involving a fall from a bicycle. He was treated Tuesday and released.

Patrolman Vogt Resigns Position

The resignation from the city police force of Patrolman Fred Vogt, W. Union St., was announced today by Chief of Police Elmer Merriman.

Vogt plans to move to Oregon with his wife and children. He joined the police force last year.

Deaths AND FUNERALS

GEORGE H. BURNSIDE

George H. Burnside, 70, died at the home of his brother-in-law and sister, Mr. and Mrs. E. V. Stover, at 7:30 p. m. Tuesday. The Stover residence is on Route 23, Harrison Twp.

He was born Jan. 9, 1887 in Mason County, W. Va., the son of Hugh and Ruth Gray Burnside.

He was preceded in death by his wife, Mabel Jessie Burnside. Survivors include a daughter, Mrs. Virginia McDonald, Columbus, and one grandchild and the sister with whom he made his home.

Funeral services will be held Friday at 1:30 p. m. in the Defenbaugh Funeral Home with the Rev. W. W. Stuck, Ashville, officiating. Burial will be in Harrison Twp. Cemetery. Friends may call at the funeral home Thursday and to time of funeral Friday.

Commissioners OK Custodian Wages

The Pickaway County Commissioners this week agreed to pay Richard Carpenter \$190 for six weeks of his services as courthouse custodian during the illness of Margaret Hickey, courthouse janitress.

In other recent action the commissioners made the following transfers: \$2,000 from permanent improvement of courthouse fund to the county home repairs fund, \$1,000 from probate court salaries fund to probate court stationary and supplies fund, \$1,500 from probate court salaries fund to the agriculture fund, \$1,000 from the new equipment for courthouse fund to the agriculture fund, and \$14,500 from unappropriated auto license tax fund to the other expense fund.

Commissioners also approved the purchase of a dictaphone for the use of Pauline Reese, Director of County Relief. A bond was approved for Florence Fausnaugh, deputy treasurer.

Bound to Jury On Neglect Count

In the only case heard in Municipal Court today, Edgar Layton was bound to the grand jury on a charge of neglect to provide for a minor child.

The affidavit against Layton was filed by Florence Layton.

Third Miner's Body Found in Coal Rubble

MULLENS, W. Va. (AP)—Rescue workers chipped through tons of rock and rubble early today to recover the body of a Wyoming County miner, one of three victims of a mine roof fall Monday.

The body of 50-year-old Arlie Davis of Herndon Heights was first spotted late Tuesday after rescue workers had recovered the bodies of the other two victims.

'Hot' Rain Recorded

NIIGATA, Japan (AP)—Radioactive rain fell over Japan Tuesday. A Japanese scientist blamed new nuclear weapons tests in the Soviet Union. Dr. Hironobu Watanabe of Niigata University said he believed the Russians conducted tests last Friday.

Four-Stage Rocket Test Being Planned

BALTIMORE (AP)—The Air Force late this month will attempt to fire a four-stage research rocket to an unprecedented altitude — 1,000 to 4,000 miles above the earth.

The rocket will be lifted the first 100,000 feet (nearly 20 miles) by a huge balloon which will then serve as a firing platform for the research vehicle.

The firing, Phase 2 of the Air Force's Project Far Side, will take place on Eniwetok Atoll in the Pacific, the Air Research and Development Command announced Tuesday. No specific date was given.

Phase 1 was accomplished last June 28 when the ARDC sent the world's largest balloon — 200 feet in diameter and weighing 1,500 pounds — up more than 104,000 feet with a load of two tons.

ARDC said the rocket firing will be strictly an exploratory research effort, aimed at gathering data on cosmic rays, the earth's magnetic field and other phenomena of the upper atmosphere.

"The firing is not an attempt to place a satellite in space" and has no relation to the Navy's Project Vanguard, the ARDC said. A spokesman also said Project Far Side has no nuclear energy aspects.

The four-stage rocket will be packed with instruments, including a tiny, but powerful, radio transmitter which will relay scientific data back to earth.

Attempted Entry Apparently Fails

City police today reported an attempted burglary at the residence of G. W. Trego, 464 Stella Ave., about 8:15 p. m. yesterday.

According to Trego's son who saw the attempted entry, a tall slender man carrying a flashlight tried to pry latches off a bedroom screen in the rear of the house. The man succeeded in unfastening one latch according to police.

Tunisia Seeking U.S. Shipment of Arms

WASHINGTON (AP)—Tunisia has formally requested American weapons to defend itself against what it calls border attacks from French forces in Algeria.

The request was accompanied by a hint that President Habib Bourguiba's pro-Western government may turn to Communist suppliers if the request is rejected.

French officials are understood to object vigorously to any American shipments, contending in part that the arms would only be turned over to Algerians.

Delinquency Probe Begins

New York City has 500 organized juvenile groups. About 400 of them are social or sports clubs that give the authorities little trouble. The remainder are gangs which give the city its chief juvenile delinquency problem.

City authorities say these roistering, lawless cliques reflect the deep problems of broken home life, economic insecurity and lack of legitimate outlets for youthful energy.

So far this year juveniles have committed 22 murders in New York City. That is about normal. Recent events have stirred the city more. Three teenagers were knifed to death on the streets in apparent retaliation for breaking some code of the fighting gangs.

Flying squads of 50 police per squad

have been placed on emergency duty and assigned to critical districts. In addition 23,000 personnel of the police department were made subject to call and the force was augmented by 500 rookie police. As a result of these moves juvenile crime has dropped.

These obviously are only stop-gap measures. Of more effect may be a conference of religious, civic and official leaders which has been called by Mayor Wagner. Society needs to probe deeply for the causes of organized teenage gangsterism and apply remedies at the source.

Should New York succeed, there will be a guide for other communities where problems are different only because smaller numbers are involved.

TV College for Animals Busy

By Hal Boyle

NEW YORK (U.P.)—Animals are easier to deal with than people because they are more predictable," said Fred Birkner, who operates a television school for our furred and feathered friends.

A video college for animals and birds? Yes, indeed, and pray why not. If a politician or a movie star feels he needs a few lessons before going on TV, why shouldn't a horse, a boa constrictor or a parakeet?

At his Chateau Theatrical Animals' School on West 48th Street, Birkner conditions his winged and four-footed scholars to the sights and sounds of a television studio.

"This is to remove their nervousness," he explained.

A donkey sits patiently listening to a record playing canned laughter and applause. A horse is led around to get him accustomed to TV cables writhing about the floor. A monkey stares inquisitively at a dummy camera is wheeled up to his face for a closeup. Clem, a trained lamb, learns to stand patiently at ease under bright hot lights.

"The one sound we don't have

to condition them to is jeers," said Birkner. "I have never known people to boo an animal actor."

Birkner, now 37, has spent his life with animals ever since he ran away from home in Vienna at 16 to become a circus lion tamer. In addition to training animals for television, modeling, or Broadway show chores, he acts as an agent and boasts he can supply anything from a flea to an elephant for private parties or lodge picnics.

He also has given riding lessons to Grace Kelly, Rita Gam and Marlon Brando. He was called in four years ago to give a few tips on horse and buggy driving to a onetime farm boy, President Eisenhower.

"Animals are often smarter than people," he said, "but each an individual, and has to be taught as an individual."

"A dog can be conditioned for a show in half an hour. But birds are very nervous. It took me a week to train a South American lark to appear in a color film

and all it had to do was sit on a perch.

"The cat is the hardest domestic animal to teach, not because it is unintelligent, but because it doesn't like being dominated and told to do something on cue. Insects, of course, are the worst of all except fleas."

"In my experience," remarked Birkner, "few animals are bad actors. They are natural hams, however, and all they need is a little training—then they start acting like human stars."

His top actor is Mohammed, a white horse who has been in the profession for more than 15 years and is currently appearing with Ethel Merman in "Happy Hunting." He has even learned in television appearances to turn and look for the red light of the camera—and give it his better performance.

Animals do just about as well financially, if not better, than two-legged actors. A cat or mouse gets \$35 for a walk-on part, a boa gets \$35 for a walk-on part, a boa constrictor up to \$450 for a creep-on role.

LAFF-A-DAY

"Let's have no more of THAT, Parker!"

Arthritis Victims Need Much Sunshine, Ease, Good Food

By Herman N. Bundesen, M.D.

When a person is afflicted with rheumatoid arthritis, both he and his family generally think only of how the disease affects the joints.

This is the primary concern, of course. But your physician will take steps to protect the vulnerable joints from stiffness and pain. ACTH and cortisone are only two of the drugs available to fight off the ravages of this self-limited disease.

Perhaps more attention should be given by the patient and his family to bettering his general health. Here, again, your doctor will help and advise you on the best methods of keeping healthy despite the arthritic attack.

Let me give you a few suggestions, too.

The patient should get plenty of air. If weather permits, one of the best places for anyone suffering from rheumatoid arthritis is on a screened porch. If this is not possible, the room where he does stay should be light and airy.

If he can't get out into the sunshine, ask the doctor about the advisability of using ultraviolet light.

Be sure he gets a good mixed diet. This should include an abundance of fresh fruit and green vegetables. In addition to this, I suggest the patient should be given wheat germ, since it contains a good deal of vitamin B.

And, although he may not relish the thought, the patient might be given cod liver oil.

Incidentally, there is a new test

for rheumatoid arthritis which is so simple and fast that it can be performed in a routine clinical laboratory in 20 minutes.

It's called the Bentonite Flocculation Test (BFT) and was developed by Canadian physicians.

Key elements in the test are a drop of the patient's blood serum, normal human gamma globulin and Bentonite, a colloidal clay.

A drop of the blood serum is added to a drop of Bentonite-gamma globulin mixture on a slide. If the test is positive, the Bentonite particles will clump (flocculate) within a period of a few minutes.

Question and Answer

C. F.: What causes Hodgkin's disease?

Answer: The cause of Hodgkin's

disease, which is a disorder of the lymph glands and organs of the body, is unknown.

O'Neill Plans Parley With Party Leaders

COLUMBUS (U.P.)—Gov. C. William O'Neill plans to confer with Republican members of the Legislature this month to discuss implementation of the program enacted at the last session.

The governor invited Senate members of his party to the mansion on Sept. 24.

O'Neill said most of the laws enacted earlier this year will be in effect by the time the meetings are held.

Just Pennies for Brains

By George Sokolsky

J. H. Gilpin writes from Tacoma, Washington:

"Our Tacoma city school board is at present paying scale of \$4,957.00 per year for the lowest grade of classroom teachers, amounting to \$351.00 per month on the nine-month schedule and we know that most teachers supplement annual income considerably through pleasant part time occupations during the three months vacation period. These rates are uniform and probably higher at different points along the Pacific Coast."

My calculation based on these figures is that this lowest grade teacher gets a gross pay of \$93.33 a week on which a Federal income tax, social security tax and whatever state taxes there are must be deducted. The income tax withholding alone would amount to at least \$14.80 providing a take-home pay, without deducting social security or state taxes, at \$80.53.

It is difficult to understand why any city has the right to assume that teachers always can and do supplement their salaries by outside work or calculate on a nine month employment. It would be better for the children if the teachers, particularly in the lower grades, could devote a maximum of time to the children who at the tenderest years should be encouraged to love the school and its books. Many children are spoiled by cranky and tired teachers who "take it out on them."

Gilpin's proposal sounds to me much like that made by an early department store magnate who, paying his help an unbelievable minimum, suggested that they could supplement their income as ladies of the night.

Quite opposite to J. H. Gilpin's views are those of Charles Silver, president of the Board of Education of New York City, who wants the schools open afternoons and evenings, Saturdays and Sundays, and during the summer holidays, to provide playgrounds, playrooms, clubrooms, reading rooms for young people to keep them off the streets. That plan is offered as an approach to the problem of juvenile delinquency. All cities have the plan for such enterprises but if teachers are to supplement their pay as waiters in restaurants or some such business, they will not be available for additional work with children in the schools.

The real trouble is that while we are troubled by the problem not only of juvenile delinquency

but also of inadequate preparation for life, few are willing to recognize that every solution costs something. If our children are to be trained by suitable teachers, teaching as a profession must be made attractive both financially and in the dignity of the position.

Gilpin was wrought up over my insistence that teachers are underpaid. So, he telephoned the local office of the Teamsters Union and found that their hiring-in-rate is \$2.22 per hour, while he finds that teachers' lowest hourly rate is approximately \$2.50 an hour. Does he include the correction of tests; the reading of juvenile essays beginning with "How I Spent My Summer Vacation"? If so, he might add a few hours a day for which the teacher is not paid at all. Does he include the hours that a competent teacher has to give to preparing for the day's work? If all the hours are added together, I fear little will be left of Mr. Gilpin's mathematics.

He ends his letter: "I hope that this brief message may change your perspective on the teachers' situation."

I fear not. I love children too much not to recognize the frightful human loss and the social cost in the present neglect of teachers. I always think back to a visit to Nanking University, in China, a place of great beauty, with my old teacher, Professor Charles A. Beard, after looking at all the magnificence, he asked the president about the salaries of the teachers. When he was told the shocking story, he said, "Millions for bricks; pennies for brains."

This country faces the frightful problem of illiterate ignorance. It is nothing that can be shunted off by phrases because the reality of it is upon us in wide-

spread juvenile delinquency, in the shortages of adequately trained office help, in shortages in all the intellectual disciplines, in the failure of the most capable minds to man public offices, in the degeneration of all forms of intellectual and spiritual leadership.

This condition is upon us and represents failures we should have noted in the 1920's of which this generation is the product.

Housewife's Cat Given Big Whirl

KNOXVILLE, Tenn. (U.P.)—Mrs. Chester Massey placed some towels in her clothes drier and went about her daily chores Tuesday.

A telephone next to the drier rang 10 minutes later and Mrs. Massey—well, let her tell it:

"The more I talked the more I realized something was wrong. I glanced at the drier and saw this white thing going around inside. I knew I hadn't put anything white in there—just brown towels. 'I opened the door and there was Mossie, my cat, inside.' She said the pet took five minutes to get its breath.

Kroger LIVE BETTER FOR LESS

By ED CREAGH
For James Marlow
Associated Press News Analyst
WASHINGTON (AP)—"Give me the making of the songs of a nation," a wise man once said, "and I care not who makes its laws."
(Andrew Fletcher 1655-1716 in case you happen to be caught on a quiz program.)

What he seems to have meant is that the songs people sing tell more about them than all the laws on the statute books.

Fletcher lived before the juke box age, lucky fellow. Wonder what he'd make of the American people if he were exposed to today's popular songs?

The "top 10" according to the amusement industry weekly Variety are in order of popularity: "Tammy", "Diana", "Around the World", "Fascination", "Gonna Sit Right Down and Write Myself a Letter", "Honeycomb", "Rainbow", "White Silver Sands", "It's Not for Me to Say", "In the Middle of an Island."

This writer ran out of dimes before investigating all of these but there does seem to be a trend.

If it's true that songs mirror the souls of people better than laws do then Americans are more interested in love and foreign travel than in say civil rights or the other issues that furrow the brows of our legislators.

This will come as no surprise to Tin Pan Alley. Maybe Congress

suspects it from time to time too. The members keep it pretty quiet if they do though. They tend to keep the beat at funeral tempo. No rock 'n' roll for Capitol Hill. Getting back to the top 10 now: "Tammy" a catchy tune seems to be concerned with young love and who's against that? Well that's about a guy who wouldn't settle for the girl next door. He had to search all around the world like a congressman on an expense account.

"Gonna Sit Right Down and Write Myself a Letter?" This is quite possible the silliest one since Tin Pan Alley was a country lane. The girl won't write to the boy so he writes to himself and forges her name. What a jerk.

Likewise: "It's Not for Me to Say." This clown can't say whether the girl loves him or not. It

doesn't seem to have occurred to him to ask her. Or better yet tell her.

He could of course be the dreamer type like the boy who writes himself letters. In which case he'd be right at home on that "Middle of an Island" record. With the monkeys and the palm trees. Honest that's how the song goes. Another dime down the drain in the interest of trying to understand 20th century America.

It's not quite as bad as it sounds though. The "top 10" list is culled from the dimes and dollars fed into the juke boxes and record shops by teen-age girls for the most part. And the teen-agers do not yet run the country. They simply run the parents who do run the country.

How now, Mr. Fletcher? Would you still rather write our songs than our laws?

"I GUESS I HAVE the love light in my eyes," says Marilyn Monroe of this picture. Her husband, playwright Arthur Miller, is the recipient of the loving look in the photo which was made in New York. Both admit they have changed in their more than a year of marriage. The film star has become a doting wife, having adopted her husband's city, faith and family. Miller says he has "learned a lot about living from her." (Look Magazine—International Photo)

Akron Gasoline Dealers Tiring of Price War

AKRON (AP)—The Summit County Gasoline Dealers Assn. wants to end a price-cutting war that has driven prices down to as low as 23.9 cents a gallon for regular gasoline and 27.9 cents for premium. Earl Markle, executive secretary

Students Offered Shots

WILMINGTON (AP)—Officials of Wilmington College have offered inoculation against Asian flu for all students this fall.

of the association, said Tuesday some dealers are making only six-tenths of a cent a gallon.

NORTH ADAMS, Mass. (AP)—John F. McConnell found a lost parakeet in his furniture store this week.
The North Adams Transcript published a story about it.
Tuesday night McConnell said he received 41 telephone calls from persons who had lost their parakeets.

Cleveland Attorney Facing Suspension

COLUMBUS (AP)—Cleveland attorney Henry H. Pleasant has 40 days to convince the State Supreme Court he should be allowed to continue practicing law in Ohio. A court-named board of commissioners sent a recommendation to the high court Tuesday that Pleasant be suspended as an attorney because of his alleged misconduct in administering the estate of the late William A. Wright.

Daytonian Is Arrested As Deserter in 1945

DAYTON (AP)—A Dayton window decorator, who admitted he deserted the Army after serving four months of basic training in 1945, was arrested by FBI agents Tuesday. Samuel Vincent Manzione, 34, who has been using the name Samuel Natel, gave no reason for his desertion from Fort Ord, Calif., in January, 1945, E. D. Mason, of the FBI reported.

City Inspector Held As Police Trap Snaps

CLEVELAND (AP)—A city building inspector, who allegedly demanded \$200 from a couple to overlook building code violations, was arrested in a police trap at the couple's home Tuesday night. Two officers who hid in the house nabbed Sam Bernstein, 42, after he had accepted \$100 from Mr. and Mrs. Hugg Igoe. No charges were filed immediately, but Bernstein was held for investigation.

Potato chip sales totaled 353 million dollars in the United States last year.

Marine Chief's Residence Boasts Gracious Dining Room

By JANE EADS

WASHINGTON (AP)—Mrs. Randolph McCall Pate, wife of the commandant of the Marine Corps, believes she has the most gracious dining room in Washington. It is also one of the oldest.

The house she calls home is probably the oldest official residence in the capital. Designed by Benjamin Latrobe, architect of the Capitol, it has housed all but the first of the Corps' 22 commandants since it was built in 1801. It was the one official building spared by the incendiary torches of the British when they marched on Washington in 1814. The story is that the British intended using it for their headquarters.

Like the Pates, most of the commandants have been well satisfied with the beautifully proportioned, roomy quarters provided for them and their families on the historic quadrangle which contains the Marine Barracks.

In fact Commandant Archibald Henderson, whose 39-year tour started in 1820, lived there so long he apparently thought he owned it. The story is that he willed it to his children. Now the commandant's tour is four years.

Besides dinner parties in the commandant's house, teas and receptions, the Pates are often hosts to official Washington at the spectacular and singularly moving "sunset parades," which during the summer are actually held at 9 p.m., instead of 5:30. They are open to the public on Fridays.

While the downstairs of the Commandant's House is quite formal, Mrs. Pate has used her personal preference for pastel tones in its decoration. Her "favorite dining

Flemming Scheduled

WHITE PLAINS, N. Y. (AP)—Dr. Arthur S. Flemming, president of Ohio Wesleyan University, will deliver the 1957 Fund for Adult Education lectures at Princeton University Nov. 19-21.

FALL IS THE TIME FOR PLANTING PEONIES

Ohio Division AAUW Will Hold Fall Workshop Sat.

Mrs. Speakman Will Attend

The Ohio Division of the American Association of University Women will hold its Fall Workshop at the Deshler-Hilton Hotel, Columbus, Saturday.

The workshop will begin at 9 a. m. and continue through to 3:30 p. m. The theme this year is "Planning Our Progress".

Dr. Hallie Farmer, newly elected first vice-president for Ohio, will be the featured speaker.

Individual workshops will be held in departments of Administration, Arts, Education, Fellowship, International Affairs, Legislation, Social Studies and Status of Women.

Mrs. William Speakman will represent the newly organized Pickaway County Branch of AAUW. She has requested that any persons interested in attending call her at 914-X.

Couple Honored On 58th Wedding Anniversary

A group of friends and relatives gathered at the home of Mr. and Mrs. W. O. Meyers, Saturday, in honor of Mr. and Mrs. Meyers' 58th wedding anniversary, and Mrs. Meyers' 86th birthday.

A noon day luncheon was given by their daughters, Mrs. Lucille Woods, and Mrs. Roy Wood.

Guests included Mrs. Rella Rife, Mrs. Ed Wolfe, Mrs. Anna Ritt of Circleville, Mr. and Mrs. Wayne Brown, Groveport; Mrs. Warner Hedges and Miss Florence Brown, Ashville; Mrs. George Meyers, Miss Blanche Meyers, Mrs. William Gardner, Miss Jeanette Wendrich, Paul Woods Jr. and Roy Wood, Stoutsville, and Mrs. Robert Montgomery and daughter, Jan, Waverly.

The Meyers received many cards, gifts and beautiful flowers on the occasion.

PTA Members Meet New Teachers at Tea

The introduction of teachers was the feature attraction Thursday evening at the first general Parent Teacher Association meeting of the year.

Approximately 200 P.T.A. members were present to greet the new president, Mrs. Allen Ankrom, and the teachers of Circleville schools.

The Rev. Fr. George Mason gave the invocation, followed by a short business meeting.

Larry Varble gave a talk, "Why I Believe in the Community Fund."

New teachers and chairmen of all Circleville schools were introduced during the meeting.

Mrs. Ankrom closed the meeting by inviting all present to adjourn to the social room for refreshments.

Mrs. John O'Hara, hospitality chairman, assisted by chairman and co-chairman of all five elementary schools, planned the tea.

Many mothers helped with the serving and the baking of the delicious homemade cookies. A large punch bowl, an arrangement of flowers and trays of cookies were placed on the refreshment table.

The flowers had been arranged and grown by Mrs. M. E. Noggle.

Personals

Miss Sandy Van Fossen has returned to Charleston, W. Va., after spending a vacation with her parents, Mr. and Mrs. Alfred Van Fossen, 518 E. Union St. Sandy will resume her studies at Capital City Commercial College in Charleston.

Mr. and Mrs. B. M. Holloway, Donaldson, Iowa, are guests of Mr. and Mrs. Roy Stout, 212 S. Scioto St. Holloway lived here formerly. He left in 1911 and reports that he sees amazing changes in the city.

Mrs. A. H. Morris, 367 Watt St., had as weekend guests Mr. and Mrs. Tunice Wintermuth, Mansfield, Mr. and Mrs. Roy Figgins, Lancaster, were Sunday guests at Mrs. Morris.

Mr. and Mrs. Talmer Wise, 146 E. Franklin St., have returned from a weekend spent in the home of Mr. and Mrs. Ed. McCann, Frederick, Md. The McCanns live at 907 Wilson Place. McCann is assistant editor of the Frederick Post.

Mr. and Mrs. Howard Ater, Pompano Beach, Fla., are guests of his mother, Mrs. Clarence Ater, W. High St.

Mr. and Mrs. Charles Conrad and daughter, Janis and Miss Betty Rhodes, Columbus, were Sunday visitors in the home of Mr. and Mrs. Ray Ankns, Stoutsville.

Miss Janet Maxson has returned to Capital University where she will further her studies in High School Business Education. Janet is the daughter of Mr. and Mrs. George Maxson of Route 1, Kings-ton.

Use simmering, not boiling, water when you are poaching fish.

Cut leftover vegetables into toothpick-size strips and add to consommé. Pretty and good!

Fresh peas are wonderful when you add a dash of sugar, along with the salt during the cooking and a few tablespoons of heavy cream after they are cooked and drained.

Mrs. Goeller Entertains EUB Group

The Women's Society of World Service of Calvary Evangelical United Brethren Church met in the home of Mrs. Andrew Goeller with 18 members present. Mrs. Willis Flowers was assisting hostess.

Opening prayer was given by Mrs. Manley Carothers.

"He Taught Them Saying" is the book that will be used for the group study class.

The bake sale at the Pumpkin Show will be held in the Rural Electric building on Franklin Street.

Mrs. Dale DeLong gave a little report of what the Youth Fellowship has done so far this year. Some of these projects were buying tools for mission teachers.

They have contributed to the Lower Lane Mission and to the Rev. Ashley Christmas Party for the Chinese children.

Mrs. Ida Warner read a story which stressed Stewardship. A box will be placed in the church festi-bule for the used clothing. Also the group will roll bandages for the lepers.

Mrs. D. DeLong read a letter from Mr. Abram Saboleh. The society has started a graduation fund to be given to Mr. Saboleh so that he may purchase some modern equipment to take back to Africa with him to teach the people new methods of agriculture. This will enable them to raise more food for the growing population.

The program was led by Mrs. Harry Hosler. Her topic was "Strengthen The Church Through Prayer." She gave the opening prayer. The group sang "The Church's One Foundation." Mrs. Earl Milllions read scripture from the 17th Chapter of St. John.

Closing prayer was given by Mrs. H. Dale Rough.

Miss Vera Grubbs led the game in which Mrs. Hosler was the prize winner. Refreshments were served by the hostesses.

American Legion Auxiliary Gives Party at Hospital

Fifteen members of the American Legion Auxiliary entertained the Veterans of Ward C at Chillicothe Veterans Hospital Monday evening. They served refreshments to 35 men. Dancing to record music was the featured entertainment.

Mrs. Bess Simson and Mrs. Norman Ritter were co-chairmen planning the event.

The Auxiliary members will entertain the same group Oct. 21 at a Halloween Party.

Mrs. Ritter, Auxiliary president, reported that a donation of 200 magazines was taken to the hospital by her group.

Mt. Pleasant Young People Meet Sunday

The young people of Mt. Pleasant Sunday School held their regular meeting, Sunday evening in the social room of the church.

The meeting was opened with Darlene Hopkins presiding. The Devotions were led by Patty Killian.

The group discussed and made plans to be on the Sally Flower's Show, Oct. 4.

Following the business meeting, games and refreshments were enjoyed by all. The next meeting will be in October.

Miss Patty Harber, Bride Of Mr. David Edgington

The altar of the Hedges Chapel Methodist Church was decorated with pink and white gladiolus for the wedding Sunday evening of Miss Patty Harber and Mr. David Edgington.

The ceremony was performed at 7:30 by the Rev. Virgil Close and the Rev. Emerson Abbs. Mrs. Martin Crumley played fifteen minutes of organ music preceding the ceremony.

The bride's ballerina length gown was white lace over taffeta. Her shoulder length veil was caught to a half crown of seed pearls. She carried a white Bible with a cascade bouquet of white miniature mums tied with pink ribbons.

Her attendant, Mrs. Robert Callihan, sister of the bridegroom, wore a mint green dress of dacron and her flowers were pale pink miniature mums.

Mr. Robert Callihan served his brother-in-law as best man.

Mrs. Harber, mother of the bride, wore blue taffeta while Mrs. Edgington, mother of the bride-

Circleville, Ohio

Pickaway Plains DAR Chapter Sponsors Contest

Five Trails Troop 791 Wins

The Pickaway Plains Chapter of the Daughters of the American Revolution will award a prize to Five Trails Girl Scout Troop 791 for the winning window in the Constitution Week window trimming contest.

The contest sponsored by the local DAR group featured a patriotic theme for the window decorating. The winning window in the Koch-heiser Hardware store has as its theme the credo of the Freedom Foundation which is to put the

Bill of Rights into every day living. Mrs. Charles G. Smith is the leader of Troop 791.

Other windows are at the City Loan where Girl Scout troop 785 placed an exhibit; at Sherwin Williams Store where Logan Troop 785 has a display and at Fitzpatrick's where Girl Scout Troop Five Trails 785 placed their patriotic decoration.

In charge of the contest were DAR members Miss Ruth Montelius and Mrs. Emerson Spicer.

Judges were members of Circleville Art League, Mrs. W. W. Robinson, Mrs. Kenneth Luna and Mrs. Edwin C. Bach Jr.

Miss Patty Harber, Bride Of Mr. David Edgington

The altar of the Hedges Chapel Methodist Church was decorated with pink and white gladiolus for the wedding Sunday evening of Miss Patty Harber and Mr. David Edgington.

The ceremony was performed at 7:30 by the Rev. Virgil Close and the Rev. Emerson Abbs. Mrs. Martin Crumley played fifteen minutes of organ music preceding the ceremony.

The bride's ballerina length gown was white lace over taffeta. Her shoulder length veil was caught to a half crown of seed pearls. She carried a white Bible with a cascade bouquet of white miniature mums tied with pink ribbons.

Her attendant, Mrs. Robert Callihan, sister of the bridegroom, wore a mint green dress of dacron and her flowers were pale pink miniature mums.

Mr. Robert Callihan served his brother-in-law as best man.

Mrs. Harber, mother of the bride, wore blue taffeta while Mrs. Edgington, mother of the bride-

groom, wore grey printed taffeta. Both mothers wore corsages of white mums.

The bride, daughter of Mr. and Mrs. Woodrow Harber of Ashville, graduated in 1957 from Walnut Twp. High School and is employed at the Herr Printing Co. in Columbus.

Mr. Edgington, son of Mr. and Mrs. Lloyd Edgington, 935 S. Washington St., Circleville, graduated from Circleville High School in 1955 and is assistant manager of the local Atlantic and Pacific Co.

A reception followed the ceremony in the church social rooms. Hostesses for the reception were Miss Rita Edgington, Mrs. David Dresbach, Mrs. Harry Gibbons and Mrs. Toini Chaippli.

After a short wedding trip the couple will reside at 218 Walnut St.

Mrs. Marion's Class Meets

Mrs. Marion's Sunday School class met in the home of Mrs. Ernest Young Monday evening.

Mrs. Berman Wertman, Miss Margie Carmean and Mrs. Roger Lozier were assisting hostesses.

The class decided to have the west window of the church wired for lights as the project for this year.

Prizes in games went to Mrs. Elmer Yeatts and Mrs. Herbert Southward.

PRESCRIPTIONS AND PHOTO SUPPLIES OUR SPECIALTY

U.S. Industrial World Under Close Watch

Production Stalled On Dead Center; Cause, Background Detailed

By SAM DAWSON

NEW YORK (AP)—With industrial production stuck on dead center the financial and business world warily watches today for a move one way or the other.

Blamed are the more cautious buying of consumers in the face of an abundance of goods and the drop in stock market prices which makes industry nervous.

True, retail sales run ahead of last year, thanks to high levels of employment and personal income — but due also to higher prices accounting for much of the gain in dollar volume total.

The consumers, although saving more than last year, are spending at least part of their increase in incomes in the stores and for services. They just aren't spending enough of it on industrial products to get factory output to rising again.

The Federal Reserve Board notes that what gain there was in manufacturing during August was due mostly to increased production in the auto industry, a usual thing as it stocks up before changing over to the new models.

The changeover period is starting, and auto output will be slow for awhile.

The increase in bank loans to business this month over August is about one fourth what it was last year—seen as an indication of business caution.

The nervousness of industry over these signs of a slow start for fall business is shown in the reports that plans for plant expansion are being rechecked.

Many companies are completing the ambitious programs they launched sometime back and feel they have enough capacity to meet immediate demands and those of the near future.

Others still wanting to build or modernize plants are struggling with all the problems of tight money and some are putting off decisions for awhile to await developments.

The Federal Reserve Board puts industrial output for August at 144 per cent of the 1947-48 base level. This was the same as in June and July and one percentage point above the year ago level. The high point was 147 per cent, set last December.

Many in industry had been counting upon July being the low point because of vacations and other seasonal factors. They had hoped for the upturn to start in August. It may still blossom in October when the auto industry will be getting into full production on its new models.

Total retail trade last month was running 7 per cent above the year before figure. It has had a nice boost this month from the back to school buying. Its real test will come around Thanksgiving when the Christmas shopping period gets going.

The real question still remains: whether the higher prices planned for many finished products this fall can be made to stick at the retail level.

Coed Ends Up With \$64,000

NEW YORK (AP)—Joyce Myron is just an 18-year-old college girl with \$64,000 today.

The whiz on atomic physics had to settle for that amount Tuesday night when she missed a question worth \$128,000 on the CBS-TV show "The \$64,000 Question."

Fire Prevention Week Slated for Oct. 6-13

COLUMBUS (AP)—Gov. C. William O'Neill has proclaimed the week of Oct. 6-13 as Fire Prevention Week in Ohio. He urged all citizens and organizations to actively support their local fire departments in promotion of educational programs and activities in fire prevention.

Celebrated U.S. Counterspy Once Duped by Press Agent

Editor's Note: Following is the last in a series of three articles about Boris Morros, Hollywood musical producer who recently was revealed to have been a U. S. counterspy against the Russians.

By BOB THOMAS

HOLLYWOOD (AP)—Here is the story of how Boris Morros, American agent who duped the Russians, was himself duped by another agent—a Hollywood press agent.

It happened in 1940, after the hustling film maker had made his first independent movie, "Second Chorus." Starring Fred Astaire, Paulette Goddard and Artie Shaw, it was supposed to be a musical extravaganza.

It was a turkey. A stinker.

The company which was releasing the picture was faced with the problem of selling it. What to do? None of the stars was willing to go on an exploitation tour. Why not send Morros?

A press agent who dealt with the out-of-town press—we'll call him Joe Flack—was faced with the chore of paving the way for the proud producer of the turkey. Flack knew the nation's papers cared little about movie producers and less about Boris Morros, whoever he was.

So Flack decided to pique the editors' interest with a letter which read in part:

"One of these days, your door will be darkened by a happy little monster name of Boris Morros... He plunges, dives and charges

Residents Request No Street Repairs

CORAL GABLES, Fla. (AP)—Riviera drive needs repairing but its residents want it to stay bumpy.

They told the City Commission Tuesday the bumps keep buses off their street and slow down other traffic.

The commission agreed to keep its repair crews off Riviera.

Judge Wiseman Named Appeals Bench Chief

COLUMBUS (AP)—Appellate Judge William C. Wiseman of Dayton was elected chief justice of appellate courts Tuesday.

Wiseman, of the Second District Court of Appeals, succeeds Fred J. Miller of Columbus as chief. Judge Joy Seth Hurd of Cleveland in the Eighth District was elected secretary. He succeeds Judge Wiseman in the post.

Both Wiseman and Hurd will begin one-year terms Jan. 1.

Up to 25 Pct. Seen Getting Flu in Cincy

CINCINNATI (AP)—Dr. Alexander Langmuir, U. S. Public Health Service expert on epidemics, says 20-25 per cent of Cincinnati's population will catch Asian flu sometime before Christmas. Dr. Langmuir, here to address a group of doctors, said that other cities will probably experience the same percentage of cases.

'New' Television Season Arrives

Critic Finding Little Fresh Stuff on TV

By WILLIAM GLOVER AP Radio-TV Critic

NEW YORK (AP)—Television's new program season is here—or is it? By most of the evidence screened thus far, things look about as they were last season . . . or the year before.

Since this time last week the networks have unveiled 23 items in continuing time slots. Of these only 4 make claim to being new, but even they are well within the established bounds of familiar formats.

The rest, from Perry Como to Art Linkletter, are taking down the shutters after the summer on time-tested stocks.

Of the 23, 16 are on film—which means audience reaction can't alter things for 13 weeks anyway until option time is up — and "Lucy" is a straight-out rerun of yesterday's laughter.

This may be the year for Westerns but seven situation comedies went on exhibit against four oats-and-spurs items. One newcomer in each class appeared to have promising future.

In the comedy division, "Sally," premiered on NBC's Sunday agenda with its strong points the looks of Joan Caulfield and the comic skill of Marion Lorne.

Pitted against it, and adding to its luster by contrast, was another new humor sequence on CBS, "Bachelor Father."

In the spirit of public service, the ABC network provided another promising newcomer with "Look Here," in which Martin Agronsky plans to essay philosophical studies of his guests.

'Too Many' Best Friends in Home

LOUISVILLE, Ky. (AP)—The dog is man's best friend. But, according to police, there comes a time when a man can have too many best friends.

Police said they caught nine dogs at the home of Richard P. Clark, 69, and estimated 24 got away.

Clark was arrested on a warrant charging he harbored unlicensed and uninculcated dogs.

Clark said only 13 were his. He didn't explain where the rest came from.

Ike's Press Secretary Becomes Grandfather

NEWPORT, R. I. (AP)—James C. Hagerty, 48-year-old press secretary to President Eisenhower, is now a grandfather.

He reported his son and daughter-in-law, Marine Lt. and Mrs. Roger Hagerty, became the parents of an 8-pound, 5-ounce boy Tuesday. The baby was born at the U. S. Naval Hospital at Quantico, Va., where young Hagerty, 25, is stationed.

Fire Hits Warehouse

DAYTON (AP)—Fire of undetermined origin caused damage estimated at \$6,000 Tuesday to a two-story brick warehouse of the Miami Builders Supply Co. here.

Nevadans Want No 'Dry' Melodrama

CARSON CITY, Nev. (AP)—It was all or nothing for the Nevada Day committee planning the admission celebration at Carson City.

Chairman John Moroni had applied for use of the auditorium for staging a melodrama at which drinks would be served.

When city trustees refused permission for the liquor the whole project was dropped Tuesday. Moroni said a dry melodrama would violate tradition.

"Mary Hawthorth's Mail"

DEAR MARY HAWORTH: As an alcoholic (retroactively) for the last 10 years, and a member of Alcoholics Anonymous for the last three, I was grimly amused by the letter (Aug. 22) from the man who says his wife is driving him crazy with her "ridiculous obsession" about his drinking.

In his recital I recognized myself of six years ago. Five or six drinks every night—"after dealing with people all day"—was about my quota too—the quota I admitted.

And notice how lightly he skims over his periodic heavy drinking. I did that; and nobody could have told me that I was an alcoholic. But somehow, without having to hit bottom first, I did go to AA. Slowly I began to make the correlation between my drinking pattern and the history of some of the many speakers.

Now, having been in AA for three years, I can look back and see myself through my wife's eyes, and as my friends saw me, at that time. Here we have the chap with the neurotic wife, so he thinks, who needs psychiatry, in his opinion. Here is the typical inebriated alcoholic, at an early stage in a disease that, if not controlled, leads inevitably to worse binges.

We in AA say that no one can diagnose an alcoholic and make him stop drinking. The individual must see the truth for him. If

and make his own decisions—and then only for his own sake; not for his wife, his child or his job. I doubt that your plain speaking to E.K. will do more than set resistance in his mind. None of us alcoholics is quick to admit our problem. It seems we have to have the sad fact forced upon us by experience.

Every man to his own opinion. And in my opinion, if E.K. would attend AA meetings every night for a month—or maybe three nights a week for three months—he would begin to catch the drift of his drinking, as he listened to seasoned speakers. He might not get sober right away, but the education that AA provides would give him an insight that can't be gained by private reading of text books.

I'll wager that E.K.'s letter left a great deal of his drinking untold. We all do it. A sure sign of trouble with drink is when a man stops boasting of his capacity and begins to understate his daily intake. By way of encouragement to E.K., however, may I say that all the AAs I've met, who've arrested their disease, are more mature, more understanding and generally finer than the big majority of non-drinkers I meet in daily life.

I was sober for almost six months before I began really to sober up mentally. And I was attending AA meetings sporadically for over a year before I decided that my life was unmanageable (by me). Now I can see that it has been somewhat out of my control for about 10 years.

I offer this testimony in the faint hope that it may influence E.K. to honestly decide for himself about his condition.

R. F.

DEAR R.F.: Many thanks for your "sharing" letter, which I am glad to present, as potential help for E.K. and possibly other readers with a drink problem.

As for your theory that my plain speaking to E.K.—plus a suggested reading list—probably succeeded only in rousing resistance to truth in his mind, well, I'll take a chance on that.

Or rather say, the facts I put forth to him—about the alcoholic bias—were delivered as a sort of calculated risk. His mind could hardly be more closed to truth than it was when he penned his indictment of his wife. So I just gave him an objective evaluation of his situation—take it or leave it—which is approximately what AA speakers will do for him too. The balance he must do for himself.

M. H.

Mary Hawthorth counsels through her column, not by mail or personal interview. Write her in care of this newspaper.

35-Cent Part Finally Costs Driver \$1,700

BLYTHEVILLE, Ark. (AP)—A Blytheville man drove his car into a garage to get a 35-cent auto part and ended up with a repair bill for \$1,700.

Fletcher Womack said he was backing into the garage Tuesday when he reached for the hand brake but somehow connected the accelerator. The car lurched back and knocked a huge hole in a brick wall.

The crumbling wall caused a large overhead door to fall on Womack's car, the impact of the falling door somehow jarred the car's automatic transmission into a forward gear, and the vehicle plowed into another automobile.

Womack was lucky. He escaped injury—and he also had insurance. But he left without getting the 35-cent part he intended to buy.

Armco Makes Changes In Its Top Command

MIDDLETOWN (AP)—R. L. Gray, president of the Armco Steel Corp., has announced the appointment of Robert S. Gruver to be administrative vice president of the firm in charge of personnel and public relations.

Gruver, who has been administrative vice president in charge of the company's Armco division, will succeed Charles H. Murray, who is retiring.

Clyde G. Davies, who has been an assistant vice president, was named to succeed Gruver.

School Bomb Is Hoax

CHILLICOTHE (AP)—Students at Chillicothe High School returned to classes today after a warning that a bomb was planted in the building Tuesday proved to be a hoax. The warning came from an anonymous caller.

Aussie Pearl Beds May Close Due to Busy Overfishing

By ARTHUR SCHOLLES
Central Press Association
Correspondent

DARWIN, North Australia—North Australia's richest pearl shell areas may have to close down temporarily because of constant overfishing. The pearl beds—richest in the world—extend from Broome, West Australia, 5,000 miles to Thursday Island, in the Coral sea.

Altogether Australia sends about \$5 million worth of pearl shell to the United States each year. The pearl shell is used chiefly in shirt buttons.

Full effects of intense postwar pearling will not be known until a small expedition now operating in North Australian waters has explored the beds off Broome, Darwin and Thursday Island, three main pearling centers.

The survey is being conducted by experts of the Commonwealth Fisheries office and scientists of the Division of Fisheries and Oceanography.

Pearling beds found to be too heavily fished will be given a temporary respite from pearling. Others may be closed down altogether.

Diving crews being used in the survey are Greek sponge divers who migrated to Australia from Kalymanos island in the Mediterranean.

THE DIVERS will explore the ocean floor and report on the presence and quality of shell life. A government scientist, J. S. Hynd, is the leader of the expedition. He has engaged in pearl oyster research at Thursday Island.

About 200 Japanese divers work with the pearling fleets at Darwin and Broome. They have boosted production more than 50 per cent since they were allowed to return to Australia two years ago. However, the industry is faced with the loss of millions of dollars annually if overfishing is continued.

There is no danger of the pearl beds being overfished by Australian luggers. The danger is from the activities of Ryukyu divers on Japanese pearling expeditions. Under a fishing agreement negotiated three years ago with Australian authorities, the Japanese-owned luggers—as apart from the Japanese working for Australian pearling masters—agreed to restrict their activities to a 900 square mile area about 150 miles from Darwin.

It is often reported here that Japanese luggers are operating at will on the pearling beds around all the northern islands. In consequence they have denuded the beds.

The Australian government has decided to equip a patrol boat to keep an eye on the operations of the Japanese pearling fleets.

Pearl diver and tender.

WAKE UP RARIN' TO GO Without Naging Backache

Now! You can get the fast relief you need from naging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

For quick relief get Doan's Pills. They work fast in 3 separate ways: 1, by speedy pain-relieving action to ease torment of naging backache, headache, muscular aches and pains; 2, by their soothing effect on bladder irritation; 3, by their mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Find out how quickly this 3-way medicine goes to work. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Ask for new, large size and save money. Get Doan's Pills today!

Lake Iron Ore Ships Far Ahead of 1956

CLEVELAND (AP)—Iron ore shipments on the Great Lakes during the week ended Monday totaled 2,801,417 tons compared with 3,182,818 tons during the corresponding week of last year, the American Iron Ore Assn. reports.

Shipments for the season total 63,791,478 tons compared with 48,121,062 at this time last season, but a strike by seamen on the ore carriers cut the August, 1956, tonnage far below normal.

CIRCLEVILLE'S BETTER SHOES

Well, It Looked Terrible, Anyhow

HARTFORD, Conn. (AP)—"It must have been a terrible accident," a woman commented afterward. "I saw an awful lot of blood around there."

Actually what the woman saw wasn't blood but 800 gallons of purple and yellow paint which spilled when a paint truck struck a toll booth on a bridge here.

Pope Tells Opposition To Second Marriages

VATICAN CITY (AP)—Pope Pius XII says that when death separates a married couple it is better for the survivor to not remarry. The pope spoke Monday at his summer residence of Castel Gandolfo to delegates attending a congress sponsored by the World Union of Family Organizations.

"Although the church does not condemn second marriages," the Pope said, "it shows a preference for the souls who wish to remain faithful to their mates and to the perfect symbolism of their marriage sacrament."

'Roulette' Is Accident

CLEVELAND (AP)—Patrolman Howard Rickert, 36, who shot himself in the head playing Russian roulette with three bullets in a six-shot police revolver, died accidentally, Coroner Samuel R. Gerber ruled Tuesday night.

Ohio Grandma Says She Is Done Hiking

MT. KATAHDIN, Maine (AP)—Mrs. Emma Gatewood, doughty great grandmother who has twice hiked the full length of the Appalachian Trail, says she at long last has had enough of long hikes and high mountains like Katahdin. "Getting too old," she laughed after returning from the summit of mile-high Katahdin Monday. "There were places where I had to pull myself over sheer rocks, and I'm afraid I'll get to the age where I won't be able to do that anymore."

Fear comes late in life for grandma Gatewood. She'll be 70 next month.

Mrs. Gatewood, who has 11 grandchildren and five great grandchildren back in Gallipolis, Ohio, left Mt. Oglethorpe, Ga., the southern end of the trail, on April 22. She first hiked the scenic trail in 1935, and she topped it off by scaling Mt. Katahdin, just as she did Monday.

"It's the same old rock," she said. "It was no tougher this time than it was in 1935. I must have fallen a dozen times, but I picked myself up and kept goin' like a young 'un."

The planet Uranus was first named Georgium Sidus after King George III when it was discovered by Sir William Herschel in 1781.

U.S. Population Hits 171½ Million, Report

WASHINGTON (AP)—The population of the United States passed 171½ million last Aug. 1, the Census Bureau estimates. That represents an increase of 20,378,000, or about 13½ per cent, since the census of April 1, 1950, and an increase of about three million over the 1956 estimate. The Census Bureau estimates include armed forces members overseas.

Milwaukee's Top Hatchetmen Back In Business Again

By THE ASSOCIATED PRESS
Jarrin' Joe Adcock and Ham-merin' Hank Aaron, Milwaukee's top hatchet men, are back in business and the Braves are breathing easy again.

It was Aaron and Adcock who homered home all the runs and split six of Milwaukee's nine hits in a 3-1 victory over the New York Giants Tuesday night—giving the Braves two in a row for the first time in two weeks and retaining their three-game National League lead with 10 to go.

It was a neat and necessary job since second-place St. Louis stayed with it, rallying for seven runs in the seventh that crushed Brooklyn 12-5. The third-place Brooks, champs for two years, now are virtually out of it, trailing by eight with eight to play.

Any combination of eight Milwaukee victories and St. Louis de-

feats wraps up the Braves' first pennant since 1948.

The American League champ is now a certainty (surprise!) with the New York Yankees holding a 6½-game lead with nine to play after beating Detroit 7-1 while Baltimore rocked Chicago's second-place White Sox 7-5 in 10 innings. The Yankees' magic number is five with the White Sox having 12 games remaining.

So much for the pennant races. The batting battles look like this:

In the AL, ailing Ted Williams added a point for .377 with a pinchhit home run that triggered Boston's 9-8 victory over Kansas City. Yankee Mickey Mantle, 0-for-3, lost three points for a .366 average.

In the NL, Cardinal Stan Musial was 1-for-2 and stayed put at .342 while Willie Mays of the Giants was 1-for-4, lost a point and slipped to .338.

Cleveland defeated Washington 7-3 in the other AL game. Cincinnati bagged Pittsburgh 9-5 and dropped the Pirates into the cellar as the Chicago Cubs moved out with a 7-1 decision over Philadelphia in the other NL action.

Tuesday night Aaron was 3-for-4, doubling ahead of Adcock's second-inning home run and swatting his 41st homer in the eighth.

Right-hander Bob Trowbridge spun a five-hitter, all singles, and walked none for a 7-5 record. Rookie Curt Barclay (9-8) lost it.

The Cards smacked 12 hits, but needed only four of them in the big seventh when two walks, a sacrifice fly and one of three Dodger errors helped overhaul a 5-3 Brook lead. Reliever Ed Roebuck walked the lead run across and Irv Noren then socked a three run pinch triple that guaranteed a 15th victory for Card ace Larry Jackson.

Rookie southpaw Danny McDevitt was the loser.

Bobby Shantz, winless for a month, tossed a four-hitter for an 11-5 record. The stubby southpaw lined a two-run single that closed a big six-run eighth, which Hank Bauer opened against loser Billy Hoefft (8-11) with his 18th home run.

The Orioles, three-hit and trailing 5-1, junked Billy Pierce's second bid for his 20th victory with four runs in the eighth, then beat rookie Barry Latman on Bob Neman's two-run homer in the 10th. Billy Loes won his 12th in relief. Williams' 34th homer was a 400-foot job that led off a two-run eighth in his first appearance since Sept. 1. That tied it and the Red Sox then nailed it with Billy Klaus' RBI single. Murray Wall (3-0) was the winner with Tom Morgan the loser, both in relief.

Ray Narleski won his 11th for the Tribe, blanking the Nats for seven. Russ Nixon's three-run homer gave him a quick lead in the second against Camilo Pascual, who lost his 15th.

Home runs by Bob Thurman and George Crowe fired a five-run sixth that did it for the Redlegs handing Bob Friend his 18th defeat. Joe Nuxhall won with relief help.

Ernie Banks, Bobby Morgan and rookie right-hander Moe Drabowsky homered for the Cubs. Rookie Jack Sanford lost his eighth.

FIRST DIVISION (according to post positions): Torpid, John Simpson, Sherwood Farms, Irvington, N.J., 3-5; Duke of Wellington, Lou Rapone, Francis Keesee, Caladonia, N. Y., 25-1; Newport Duke, Del Cameron, Newport Stock Farm, S. Plainfield, N. J., 25-1; Robert Lee Frost, Roy Riegler, R. T. Morrison, Cleveland, 25-1; Morris Eden, Stanley Dancer, Morris Pivnick, S. Orange, N. J., 4-1; Rapid Goose, James Fitzpatrick, Saunders Mills Stable, Toledo, 15-1; Razzle Dazzle, Joe O'Brien, S. A. Camp, Shafter, Calif., 5-1; and Great Adios, Del Miller, Meadowlands Breeding Farm, Washington, Pa., 8-1.

SECOND DIVISION: Meadow Land, Miller, Meadowlands Breeding Farm, 5-1; Maxine's Dream, Earle Avery, Clearview Stables, Winthrop, Me., 15-1; Chance Play, Wayne Smart, Castleton Farm, Lexington, Ky., 15-1; Newport Judy, Cameron, Newport Stock Farm, 3-1; Calgary Byrd, Gene Pownall, Meadowlands Breeding Farm, 10-1; Adios Express, O'Brien, S. A. Camp, 2-1; Nyland Hanover, Simpson, Cleo Young, Timmonsville, S. C., 8-1; and Meadow Rhythm, Ben Schue, Meadowlands Breeding Farm, 5-1.

Ted Williams Back In Bosox Lineup

BOSTON (P)—Boston's Ted Williams, back in uniform despite lingering effects of a heavy chest cold, was a step closer today to becoming batting champion.

The 39-year-old slugger belted a pinch homer in his first appearance since Sept. 1 Tuesday night to help lift the Red Sox to a 9-8 victory over the Kansas City Athletics.

Ted's 34th homer, a 400-foot smash into the right field seats, boosted his average to .377 for a commanding 11-point lead over Mickey Mantle of New York.

Woody Hayes Shies From Stiff Scrimmage

COLUMBUS (P)—With Ohio State having a run of good luck in avoiding injuries, Coach Woody Hayes says he's reluctant to send his men into a full dress scrimmage. Just as much can be accomplished by a hard non-contact workout he said.

Compared to Monday's performance, termed the "sorriest" of the season by Hayes, Tuesday's action was smooth.

Indians Chalk 7-3 Victory Over Senators

WASHINGTON (P)—The sixth place Cleveland Indians beat the seventh place Washington Senators 7-3 Tuesday night. Ray Narleski registered his 11th victory against five defeats.

The Tribe gave Narleski a 7-0 lead, starting with a three-run homer by rookie catcher Russ Nixon in the second inning.

Narleski blanked the Senators until the eighth, when they got one run on two walks, a single and a sacrifice fly. Washington got two more in the ninth, but Narleski survived the rally and finished the game.

He gave up nine hits, while his teammates were collecting 10 off Camilo Pascual, Dick Hyde and Ted Abernathy.

Gene Woodling hit a double and two singles in five trips to boost his average to .328.

Billy Harrell, who rejoined the Indians from San Diego, opened at shortstop and got a single in three official trips.

Mike Garcia will be trying for his sixth straight pitching victory tonight, opposing the Senators' Russ Kemmerer.

It will be the last game of the season between the two clubs. Tuesday night's victory gave Cleveland a 14-7 edge.

Chicago Favored To Trip Browns

CLEVELAND (P)—Despite their fine defensive showing against the Detroit Lions last week, the Cleveland Browns are underdogs for Friday night's exhibition game against the Chicago Bears.

The Bears are favored by seven points over the Browns for two reasons—Zeke Bratkowski and Willie Galimore.

Bratkowski is back after three years in the Air Force. The 6 foot 2, 205-pound quarterback's passing sparked the Bears to a fast finish in 1954.

The lanky Galimore who was drafted a year ago ran 100 and 14 yards for touchdowns against the Philadelphia Eagles, Saturday he ran for three touchdowns.

The Circleville Herald, Wed., Sept. 18, 1957 9
Circleville, Ohio

Lettermen Vital At Darby, Walnut

Starting today The Herald will give a series of run downs on squads participating in this year's Pickaway County six-man football league.

With the season slated to open Saturday night at the Pickaway County Fairgrounds, all six teams have been working hard in preparation for the lid-lifter. Three games will be played each Saturday night during the season.

Teams competing for the loop crown are Darby, Walnut, Pickaway, Jackson, Stoutsville and Amanda. Darby and Walnut are featured in today's roundup.

According to Darby Coach John McPherson, 20 boys have answered his call for practice, including eight promising freshmen. The remainder is made up of six sophomores, two juniors and four seniors.

Coach McPherson's squad is a big one, the starting six averaging approximately 176 pounds. The heavyweights include halfback Ronnie Guthrie at 205, fullback Ned Musselman at 195 and end Leonard Beerman at 220. Other starters are end Ned Yoakum, 150, David Musselman, 170, and Quarterback Lynn Sheets, 140. Regular quarterback Tommy Walters, 135, has been sidelined with an ankle injury.

EXPECTED to see plenty of replacement duty are Dick McPherson, Tommy Liff, Terry Beerman and Bill McGlone.

If the Trojans showing during last week's annual pigskin preview is an indication, Coach McPherson's squad probably will be the team to watch during season play. The big squad, sparked by the running of Guthrie and Musselman, downed Jackson and Stoutsville in two quarters played.

McPherson, assisted this year by Ned Reichelderfer, is pleased with the early showing of his squad, but pointed out that several weaknesses must be ironed out by his team expects to come up with the league championship.

Walnut's Coach Paul Reiss, assisted again this season by Tom Bryant, has seven returning lettermen to bolster his hopes for

Tony Anthony's Pilot Hints 1-Punch Win

LOS ANGELES (P)—Tony Anthony's manager states with confidence that his young challenger might stop the venerable light heavyweight champion Archie Moore with a single punch on Friday night.

"He can hit and he can box," says Ernie Braca of the 22-year-old New Yorker. "He can take a guy out in one punch."

Braca, however, appears to go along with the general feeling that the longer the bout progresses the better Anthony's chances. The fight is scheduled for 15 rounds.

'Mr. Meenzwel' Is Problem For Farmer at Hunting Time

By DION HENDERSON
Associated Press Staff Writer

For years sportsmen have been lamenting the mysterious minority of hunters who bring the whole teeming multitude of perfect gentlemen into disrepute by dastardly depredations against the landscape and livestock of private landowners.

Since none of these properly righteous fellows would even consider committing any vandalism himself, the minority has remained mysterious even if not minor.

A dismaying twist has been given to the whole thing by the appearance on the scene of a bumbling dolt named Mr. Meenzwel.

Consider his effect:

Mr. Meenzwel goes to some lengths to strike up an acquaintance with a farmer before the season opens. Assured of permis-

sion to hunt, he invites 8 or 10 friends. After all, he tells the farmer, they're nice guys too.

Mr. Meenzwel knows that you shouldn't go clambering around over fences. He himself always takes the long way around, so that he can open gates. The fact that he ought to close them too never occurs to him.

When he has to climb fences, Mr. Meenzwel remembers about gun safety. He puts his weapon across carefully, then climbs not thinking the farmer might have to prop up fences.

And our hero knows about hunting, too. For instance, you should never allow a wounded bird to escape, it's inhumane. Mr. Meenzwel never noticed that the path of hot pursuit generally leads him through a freshly seeded field.

When it comes to shooting livestock, Mr. Meenzwel can say virtuously that he's always been

Berrymite Scores Delaware Victory

Berrymite, owned by Dick and Joe Asher, New Holland, won a heat of the 20 Class pace at Delaware yesterday. The flashy pacer, driven by Dick Buxton, placed third in the second dash, but won the trophy with a 2:03 clocking.

very careful and never hit a domestic animal yet. Even when he shoots a rabbit out of a bush that a cow is leaning against, he never touches the cow. And although it may have occurred to him that his farmer friends have some very athletic cows, he never worries. Yet it is a matter of fact that cows which set spontaneous records in the bovine broad jump rarely set any in milk production.

How about it? Does Mr. Meenzwel sound familiar? Like the guy next door maybe?

Here Are More News Briefs From Midwest Grid Camps

CHICAGO — Midwest Football Briefs:
Michigan — Quarterback Jim Van Pelt, sidelined for a week because of a leg injury, returned to action and announced he is ready to play. The Wolves ran through a signals drill, worked on pass defense and practices punting.
Wisconsin — Guards Danny Lanphear and Jim Heinke were shift-

ed to tackle positions in hopes of adding speed to the Wisconsin line. "We need somebody there with more activity," said Coach Milt Bruhn.
Illinois — Sophomore quarterback Bob Hickey and tackle Bruce Dalahan were promoted to the first string. Hickey starred in Saturday's scrimmage completing nine passes for 253 yards and five touchdowns.
Northwestern — Fullback Ed Quinn came off the injured list and took part in Northwestern's light drills. The Wildcats concentrated on tackling which was considered very sloppy in Saturday's scrimmage.

Iowa — Sophomore end Don Norton and sophomore center Bill Lapham were elevated to the first team. Junior tackle Boake Sells will be sidelined indefinitely with a broken wrist suffered in scrimmage last week.
Minnesota — Coach Murray Warmath let his first two teams off with only a light workout after a pleasing scrimmage Saturday. Quarterback Dick Larson filled in for the injured Bobby Cox and did an admirable job.

Purdue — Sophomore guard Mike Florio, one of Purdue's better prospects, is lost for the season because of a knee injury. Also Nick Mumley and Wayne Farmer and No. 1 left half Clyde Washington.
Indiana — The Hoosiers held their first secret practice session after viewing movies of Saturday's scrimmage. Coach Bob Hicks said there was some improvement "but we still have a long way to go."

Michigan State — Right halfback Jim Wulff was declared ineligible because of his failure to make up a subject in summer school. The Spartans held a light workout and called it quits.
Notre Dame — Coach Terry Brennan was pleased over Saturday's scrimmage and had special praise for halfback Aubrey Lewis, quarterback George Izo and ends Dick Royer and Gary Myers. The Irish also cut their workouts to one-a-day.

Marquette — Coach Johnny Druze called an end to contact work with Marquette's season opener only five days off. Halfback John Cornell may miss Saturday's game against Detroit because of a shoulder injury.

Miami, Buffalo Pitted For IL Championship

BUFFALO, N. Y. — All the chips in the pot are blue now on as Miami and Buffalo get together to decide the Governor's Cup championship in the Inter-

Radical Changes Expected in 'Top 10' List

Ohio's High School Grid Machine Set For Annual Grid

COLUMBUS, Ohio — Ohio's scholastic grid campaign is off to a dazzling debut, with some radical changes due in the "top 10" although the clubs are just leaving the starting gate.
Three of the top 10 in The Associated Press final 1956 poll bit the dust in inaugural encounters, but the other seven skinned along with impressive triumphs.
Cleveland East pulled the week's big upset by beating Mansfield's third-ranked Tigers 7-6. In the last two years Mansfield swamped the Clevelanders 52-6 and 41-6.

Canton McKinley's two-time state champions rolled over Cleveland Lincoln by 65 to 0, but Coach Wade Watts said he was dissatisfied with the Bulldog performance in the 21st straight conquest. Bob Kettler, a 155-pound junior, scored four touchdowns for McKinley.

Bobby Ferguson, who scored 31 touchdowns a year ago, was the big gun as ninth-ranked Troy wrecked Dayton Kiser by 69-7. It was Coach Lou Juillerat's 19th straight win with the Trojans, and Ferguson set the state's scoring pace with six touchdowns.

Fremont Ross, second to McKinley in the 1956 ratings, had no trouble winning its 21st in a row by 49-0 over Columbus Franklin Heights. Cleveland St. Ignace, ranked fourth in 1956, was victimized 9-0 by Cathedral Latin and seventh-ranked Lorain was beaten 27-14 by Toledo Libbey.

Youngstown Ursuline, fifth a year ago, launched another unbeaten season by whipping Youngstown Rayen 19-0, with Ron White getting all three touchdowns. Cleveland Benedictine, right behind Ursuline in the 1956 list, trounced Cleveland St. Edward 51-0.

Massillon, seven-time state king until McKinley took over in 1955, held Akron South to 38 yards rushing as the Tigers triumphed 33-0. The Tigers were eighth with an 8-2 mark a year ago.

East Liverpool, which wound up

national league.
They open the best of seven game series today in Buffalo after Miami undid pennant winning Toronto 3-1 in their semifinal series four games to two.
Buffalo beat Richmond by the same margin.

Grid Guessert Takes First Look at This Year's Games

Editor's Note: Every year about this time, the guessperts emerge and tell newspaper readers who will win next weekend's college football games. Following is the first by the Associated Press guessperts.

By HAROLD CLAASSEN

NEW YORK — Football seasons, like birthdays, keep rolling around faster each year. Here's hoping not all the candles are blown out on opening day.
Oklahoma over Pittsburgh: This could be the Sooners' toughest game of the year but it definitely will be their 41st consecutive triumph.

Texas A&M over Maryland: The Aggies are driving for a Cotton Bowl berth this year and won't be sidetracked in their opening game.
Navy over Boston College: Bob Reifsnnyder has been shifted to center to give Navy's its heaviest line ever.

Virginia Tech over Tulane: Strictly a hunch. It is a Friday night game.

Duke over South Carolina: This one may decide the Atlantic Coast Conference title on the opening day.

Oregon State over Southern California: Joe Francis, as fine a tailback as you'll see, gives the host Oregon State team the edge.
Baylor over Villanova: The Philadelphia Wildcats travel here and there for their games. Unfortunately, their victories also come only here and there — and they definitely won't win here.

California over Southern Methodist: Each team has a new coach. California also has Joe Kapp at quarterback.

Skipping over the others:
FRIDAY NIGHT:
UCLA over Air Force Academy, Davidson over Catawba.

SATURDAY:
Midwest: Detroit over Marquette, Iowa State over Denver, Nebraska over Washington State, Tulsa over Hardin Simmons, Arizona State over Wichita, Cincinnati over Dayton.

SOUTH: North Carolina over N.C. State, The Citadel over Newberry, Clemson over Presbyterian, Florida State over Furman, Georgia Tech over Kentucky, Texas over Georgia, Rice over Louisiana State, Richmond over Randolph Macon, Tampa over Virginia Military, Vanderbilt over

Cardinals Labeled 'Hungry Team'

ST. LOUIS — "A hungry team."

That is what General Manager Frank Lane thinks of his St. Louis Cardinals in their stretch run for the first Red Bird pennant since 1946.

The Cards are three games back of first-place Milwaukee.

Tuesday night's 12-5 Cardinal triumph over Brooklyn sounds easy. But in the seventh inning the Cards added to their woes by scoring Milwaukee's 3-1 victory over New York. A defeat would have put the Cards four behind with ten games to go—a big chore.

The Cards reacted violently with a seven-run outburst.

Missouri, George Washington over William & Mary, Miami over Houston, West Virginia over Virginia.

SOUTHWEST: Arkansas over Oklahoma State, Texas Christian over Kansas, Mississippi over Trinity, Texas Tech over West Texas State, Texas Western over North Texas State.

FAR WEST: Arizona over Brigham Young, Oregon over Idaho, Utah over Montana State, Wyoming over Kansas State, Stanford over San Jose, College of Pacific over San Jose State, Washington over Colorado.

Attorney General Opinions Soon To Be Indexed by Ohio

COLUMBUS (P)—Att. Gen. William Saxbe hopes to publish a legal "best seller" next year.

The publication will assemble in one book an index to opinions of Ohio attorneys general during the past half century.

Opinions are published annually in book form with each volume containing its own index. Some years produced two or three separate volumes, a complete set contains about 100 volumes.

Unless an attorney knows the year an opinion was issued he must search through indexes, volume by volume, Saxbe explained.

Such a process is time consuming and has led to neglect in consulting opinions that have the force of law, until courts rule on the questions. Saxbe gives the opinions, often called rulings, on legal questions raised by public officials. He is not authorized to issue opinions for others.

The last Legislature appropriated \$85,000 to compile the index. Saxbe hired Willard D. Campbell, Columbus attorney, to prepare the material.

Campbell, former Guernsey County prosecutor, judge and state senator, headed the Bureau of Ohio's hodgepodge of laws into an orderly system that even a layman can use. The monumental task took seven years. The Legislature adopted the revised code in 1953.

Cost and size of the index is undetermined. Ohio now charges \$3

to \$6 for single volumes of opinions. Some are out of print. The last general index was published about the turn of the century.

Officials estimate that only about 300 libraries and law offices have complete sets of opinions.

Three other states now have single volume indexes of their opinions. They are Pennsylvania, Maryland and Oregon. The Oregon index runs 700 pages.

Campbell said the Ohio index will be keyed to the revised code for ready reference.

"When this index is published," Campbell said, "a layman can use it to find any opinion. No layman could hope to do that now."

He predicted that accessibility to opinions through the index will prevent considerable litigation that now arises because rulings by the attorney general are hard to find.

Saxbe's office has its own card index system. But officials said it

lacks uniformity because it was compiled through various administrations. During the six years that Gov. C. William O'Neill was attorney general, he issued 7,632 opinions.

Campbell said the new index will have general headings such as "state government," "counties," and more than two dozen others found in the revised code. The index also will contain definitions, words and phrases and a section on the compatibility of various offices. He estimated that rulings on whether an office holder can hold certain other posts at the same time now comprise about one-fourth of attorney general opinions.

Already at work on the index, Campbell is using law students on a part-time basis after special training for the work. Pay for the tedious task will net Campbell about \$5,000, Saxbe said.

Portland's Mayor Is Cleared Of Last of Vice Accusations

PORTLAND, Ore. (P)—Terry Schunk, the five-times-indicted mayor of Portland, was freed of the last charge in a long vice investigation Tuesday.

As with two previous charges, a state prosecutor said there were no grounds for the charge against the mayor, and a state circuit court complied with his motion for dismissal.

"Thank God for the American judicial system," said the 44-year old Schunk, who had insisted that when he decided to run for mayor last year he became the target of a frameup by "a combination of the local underworld and a few so-called kingmakers in our community who operated on a basis of rule or ruin."

The last charge dismissed was one accusing the mayor of trying to get two women to swear falsely that gambler Big Jim Elkins, a key figure in the vice investigation, was a narcotics addict who was connected with prostitution here. Prosecutor Arthur Higgs said the indictment listed 24 acts and not one constituted a crime.

Identical charges against three other persons also were dismissed.

With those dismissals, about half the more than 100 indictments in the 1½-year-long investigation have been wiped out. There has been some duplication of indictments as a series of grand juries took up the cases, and officials

were uncertain of the exact score.

But a newspaper, the Oregon Journal, listed it as: 59 cases dismissed; 3 acquittals; 2 pleas of guilty; 1 conviction; 51 cases pending.

In addition, a federal grand jury moved in last spring and indicted Elkins on federal wiretapping charges. Elkins, whose testimony was the basis for many of the state's charges, was convicted and sentenced to 20 months in prison. He is free on bond, to be available for the state cases.

Schunk was brought to trial on one charge, accusing him of lying when he denied taking a bribe from a gambler two years ago, when Schunk was sheriff. He was acquitted, and the state then dropped its companion charge that he had taken the bribe.

Acquitted in other trials were Clyde C. Crosby, Teamsters Union official, who had been accused of conspiring to receive a bribe while on a city commission, and a city policeman, Robert Sprague, who had been accused of false swearing.

The one conviction of a principal was that of Dist. Atty. William L. Langley, who was removed from office after being found guilty of failure to prosecute gambling. He has appealed.

A major hurricane may have a diameter of 500 miles.

Bethlehem Steel To Spend \$358 Million if Merger OKd

NEW YORK (P)—The Bethlehem Steel Corp. says it is ready to spend \$358 million dollars on an expansion program if it is allowed to merge with the Youngstown Sheet and Tube Co.

The government is seeking to block the proposed merger of Bethlehem, the nation's second largest steel producer, and Youngstown, the fifth largest. U. S. Steel Corp. is the largest.

Bethlehem's plans were revealed as it and Youngstown filed affidavits in Federal District Court Monday formally opposing the government's efforts to block the proposed merger.

The merger—involving assets that exceeded \$2,710,607,000 at the beginning of this year—would be one of the largest in corporate history.

The Department of Justice, which has been opposing the merger plans for nearly three years, contends merger would tend to lessen competition and thereby violate the antitrust laws.

The papers filed Monday with Judge Edward Weinfeld were the companies' answer to a motion made by government counsel last June. At that time the Department of Justice moved for a summary judgment—a proceeding under which a court may rule on an injunction petition without the prolonged formalities of a trial.

The affidavits said Bethlehem plans to spend \$358 million dollars in expanding Youngstown's plants in Chicago and Youngstown, Ohio, if the merger is approved.

Of this sum, about 268 million would be spent in Chicago, to raise ingot capacity two million tons and build new finishing mills for structural steel and steel plates. The two companies said this would enable the merged firm to "provide

consumers in the mid-continent area with a new and important source of supply of heavy structural and plates, which for many years have been in short supply."

At Youngstown, Bethlehem proposes to spend about 90 million dollars to increase capacity by 600,000 ingot tons and provide additional finishing capacity for hot-rolled and cold-rolled sheets.

U.S. Seeking Support To Curb Chinese

UNITED NATIONS, N. Y. (P)—The United States marshalled support today against a new effort to seat Red China in the U.N.

The explosive issue is due for an airing late today when the General Assembly's powerful Steering Committee takes up India's proposal to make the seating a question of a formal item on the agenda.

India or the Soviet bloc, prime supporters of Red China, could bring up the issue in the Assembly by simply challenging Nationalist China's right to a seat.

It was generally believed, however, that they will wait until the Steering Committee meets so they can stage a full debate.

A U. S. spokesman declared the Americans stand ready to block any seating move. He expressed confidence they have more than enough support to do it.

Britain already has swung behind the U. S. move to defer the seating issue for another year. A number of other delegations have privately indicated their support.

Last year 47 nations voted to sidetrack the China question, while 24 moved to consider it.

from the nine-member Soviet bloc and a considerable portion of the Asian-African bloc. Some Scandinavian countries also have been pushing for a showdown.

The 12th Assembly session got under way on a note of harmony Tuesday when New Zealand's Sir Leslie Munro was chosen president. Charles Malik of Lebanon withdrew in the interests of "amity and peace."

U. S. Flu Case Total Booms; School Children Hit Hardest

By THE ASSOCIATED PRESS

Thousands of flu cases, most of it believed to be of the Asian variety, were reported today in New York, Mississippi and Texas. School-age children were the hardest hit.

A Board of Health report showed 24,000 cases in Mississippi. Outbreaks near the epidemic stage existed in 12 Mississippi counties.

Dr. A. L. Gray, director of preventive disease control for Mississippi, said most of the cases are Asian flu. Up to 40 per cent of the population has or has had flu in some areas, he added.

Doctors investigated a suspected epidemic of Asian flu among more than 400 school children in Hastings, N. Y.

Five schools in Hastings remained closed. They suspended classes Tuesday, the first schools in New York State to do so because of flu.

Ninety pupils at an elementary school in Niagara Falls, N. Y., were stricken with an illness believed to be Asian flu. The school remained open.

A total of 350 of the 1,500 pupils at the Central Square High School and elementary schools in Hastings were ill of flu.

The outbreak in Texas appeared to be spreading. In Conroe, 300 students were absent with flu.

Dr. J. R. Cook said the situation definitely had reached the epidemic stage in Trinity, Tex., 70 miles north of Conroe, where 100 children were stricken.

In Dallas, City Health Director J. W. Bass set up classes in home nursing in event of a widespread outbreak of flu there. He said an epidemic could hit 50,000 persons in Dallas, creating a critical shortage of hospital space. Only

three confirmed cases of Asian flu have been reported there.

The whole school system in Jasper, another southeast Texas town, was closed. Some 400 students were absent with flu.

Other outbreaks were reported in Beaumont, Port Arthur, Port Acres and Angleton, all along the upper Texas coast.

More than 450 students at Texas

Christian University in Fort Worth are ill of a flu-like illness. Doctors, however, said they didn't think it is Asian flu.

In Cincinnati, a health authority predicted that city would record up to 25 per cent of the population as having Asian flu before winter ends.

In Rome, Asian flu hit 20,000 Italian servicemen, the Ministry of Defense reported. About 16,000 have returned to duty.

In The Hague, Asian flu has led to a 17 per cent decline in coal production, the Netherlands Social Affairs Ministry reported. A ministry spokesman said it appears the epidemic has reached its peak. Few deaths have been reported.

Cleaning Plant Lost

CINCINNATI (P)—An explosion and fire fed by cleaning fluid Tuesday destroyed the two-story cleaning plant of Cincinnati Drum Service, Inc., with damage estimated at \$41,000.

Nepal Ambassador Attacked by Thugs

NEW YORK (P)—Nepal's ambassador to the United Nations, stabbed and beaten Tuesday night by two robbers as he walked in Central Park, was reported in "satisfactory" condition today in a hospital.

The ambassador, 33-year-old Rishikesh Shah, suffered a scalp injury and a minor stab wound in the chest.

The robbers took \$95 from his wallet and his wristwatch.

The ambassador said the robbers asked him for a cigarette. He drew out his cigarette case, only to find it empty, and they then attacked him.

India Asks U.S. Aid

NEW DELHI (P)—Finance Minister T. T. Krishnamachari left for the United States Tuesday to seek financial help for India's wobbling second five-year plan.

Nashville School Attendance Jumps

NASHVILLE, Tenn. (P)—Attendance has jumped to 90 per cent of the enrollment at the city's five desegregated grammar schools after a week of tension and violence.

Supt. W. A. Bass said Tuesday "I believe our trouble is ended." Demonstrations by segregationists and violence capped by the mysterious dynamiting of Hattie Cotton school followed the first-grade integration last week ordered by U. S. District Court here.

Attendance then dropped to less than half of normal.

The children returned Tuesday under the watchful eyes of police officers, and all was quiet.

Eleven Negro 6-year-olds were in the five schools with about 2,000 white pupils, and a 12th Negro was expected today.

worn out
noisy
a fuel "glutton"
always needing repair

fellow budgeter... here's good news!

ARE YOU IN THIS PREDICAMENT? You need a new furnace. Old one's shot... worn out, noisy, a bear on repairs, just plain inadequate.

But you'd like to go all the way... replace your old furnace with a combination heating-cooling unit. You know that cooling the air in summer is just as important to health, comfort and happiness as warming it in winter!

Only, the "price tag" for year 'round comfort looks a little steep. You think maybe you'll have to settle for a new furnace and forget your dreams of cool summer living!

Fellow budgeter, here's good news! A new Janitrol WIN-SUM-MATIC with ADD-ON COOLING OPTION will solve your problem neatly, completely, at a price you can afford.

Install a WIN-SUM-MATIC now, for heating only. Enjoy the finest forced-air comfort anybody's yet invented. Just set the thermostat and relax in your easy chair. No fuelin', no fussin', no fiddlin'. It's 100% automatic. And watch those fuel bills drop!

Then, next summer (or whenever you wish) complete your year 'round comfort system with Janitrol ADD-ON Cooling. It goes with your WIN-SUM-MATIC heating unit like peaches go with cream. The job is easy and low-cost, too, because ADD-ON Cooling uses the same ductwork, blowers and filters you have for heating. And it doesn't need water! No water bills, no water service problems. No messy, costly ductwork additions. Just cool, cool comfort for pennies a day.

Sounds good, doesn't it? Mister, it's great! Find out for yourself, in a five-minute visit with your Janitrol dealer—on the phone, or person-to-person in your home. No obligation, call or mail coupon now!

Please rush me new booklet describing the Janitrol Win-Sum-Matic with ADD-ON cooling option.
